

Internal decision by the FAMHP and the Commission for the control of advertising on medicines

The Commission for the control of advertising on medicines meets every three weeks on Thursday to comply with the provisions in Article 17 of the [Royal Decree of 7 April 1995](#) relating to information and advertising on medicinal products for human use.

The commission notes that the FAMHP, and therefore also the secretariat of the commission, will be closed from 27 December 2021 up to and including 31 December 2021. As a result, the meeting planned on Thursday 30 December 2021 cannot take place.

The commission considers the period of closure to be a suspension period and adjourns the original meeting to **Thursday 6 January 2022**. That will enable the commission to guarantee the rights of the applicants and ensure that submitted applications are processed correctly.

As usual, this date shall be published [on the FAMHP website](#) where the applicants can consult the meeting dates.

Drawn up in Brussels on Friday 5 November 2021
